PSU Campus Map Fall 2021 Addtional Maps Available at: map.pdx.edu
The CAT is Your Main IT Support Provider in the Maseeh College of Engineering & Computer Science (MCECS)

We deliver user support and technical services to most college specific resources (computer labs, file servers, printers, web servers, databases, VPN, wired and wireless networking, etc). You will need an MCECS Computer Account to access most of these services.

Your MCECS Account is SEPARATE from Your Odin Account

Odin Accounts are provided by OIT (Office of Information Technology) which handles central IT services for the campus. Your Odin Account is needed to access general campus resources such as general computer labs in non-MCECS buildings, Wifi, PSU Google Mail, D2L/Canvas, and Banweb. For Odin Account details: pdx.edu/technology

Getting an MCECS Computer Account

After registering for an MCECS class or going through MCECS student orientation, you will get an email notifying you that your MCECS account is ready to be activated.

Online Method:
Visit CRAM (CAT Remote Account Manager) at: intranet.cecs.pdx.edu/cram

For more information on how to use CRAM, go here: cat.pdx.edu/users/computer-accounts/using-cram/

In Person:
Have picture ID on hand and visit TheCAT Front Desk in FAB 82. Account creation turnaround can be up to 15 min.

Want to Change Your Password?
Use your existing password to change your MCECS Windows and Linux password at: intranet.cecs.pdx.edu/password

Want to Reset Your Password?
Use your Odin Account password to reset your MCECS password with CRAM: intranet.cecs.pdx.edu/cram
You can also reset your MCECS password by visiting TheCAT front desk with Picture ID.

Getting Card Access to MCECS Computer Labs

1. Get a PSU ID/Access Card
If you do not already have a PSU ID/Access card, please visit ID Services to get one.
For details: pdx.edu/student-finance/id-cards

2. Activating your PSU ID for MCECS Computer Labs
Request keycard access using your MCECS account on the self-service portal. services.cecs.pdx.edu

Wi-Fi Access
MCECS spaces have access to the following Wi-Fi networks:

- **PSU SECURE**: Preferred encrypted connection (use your Odin Account)
- **PSU GUEST**: Web based authentication
- **EDUROAM**: For use by guests of participating institutions
For details: cat.pdx.edu/wifi/

VPN Access

Many network services in MCECS need to be accessed using a VPN (Virtual Private Network). Choices are OpenVPN (CAT) or Cisco AnyConnect (OIT).
For details: cat.pdx.edu/vpn

Printing Charges

All users receive a $30.00 credit for printing each term. B/W Printer is 8 cents per side. Color Printer is 50 cents per side, even if printing B/W. If you run out of print quota, you can buy more.
For details: cat.pdx.edu/printing

Acceptable Use Policy

Use of computing facilities in MCECS is governed by the PSU Computer & Network Acceptable Use Policy.
For details: cat.pdx.edu/psu-policies

Mask Policy

PSU requires masks or face coverings to be worn while indoors on campus. Users should also maintain social distancing when possible.
Pdx.edu/covid-19-response/students

Food & Drink Policy In MCECS Computer Labs

Per PSU policy, eating and drinking is prohibited inside the labs.
